

Company Profile

INVESTMENT GROUP

What is Jaribu Investments?

I started this company in 2017, as a mere trading company with a great vision to become a major exporter of agro-products across the world. We are now a collection of best talents working together, and yet we remain committed to that vision.

It has been a pleasure to watch the company grow internationally and keep expanding our portfolio and family. We aspire to keep sustainably growing in partnership and maintain our reliability.

I welcome anyone from all over the world to partner with us. I assure you nothing but a life-long partnership and commitment throughout.

Founder & CEO

Bundala Maziku

Word from Management

We have grown steadily over the years, expanding our team, expertise and portfolio. We have also established strong partnerships with leading industry players and earned a reputation for excellence and reliability.

Our company is driven by a passion for excellence and a commitment to customer satisfaction. We strive to deliver solutions that meet the needs and expectations of our clients, while adhering to the highest standards of professionalism and ethics.

We believe that our company profile reflects our identity and culture, and we hope that it will inspire you to work with us and **join our family of customers.**

General Manager
Godfrey Sende

“ As a local company,
**we are willing
to go above
and beyond
for our
customers.**

That's why we are always looking for new ways to solve problems, improve processes, and deliver value to our customers.

Cake

WHAT WE DO

Dealing Agricultural Supplies

We import and sell fertilizer and agricultural supplies to local farmers.

Our aim is to provide high-quality products at competitive prices, while promoting sustainable and environmentally-friendly farming practices.

We supply

- Organic compost
- Seeds
- Pesticides
- Tools, and
- Equipment.

Systemic Support

We do this to provide bottom-up support for farmers that ensures the best-quality produce to export to our customers.

WHAT WE DO

Water bottle & Plastic recycling

We are dedicated to water bottle and plastic recycling to clean the ocean and preserve the environment. We collect and process PET and HDPE plastics, which are commonly used for single-use bottles and containers. We turn them into new products.

Join us in our mission to make the world a cleaner and greener place.

Seaweed Extraction & Export

Using sustainable methods to harvest and process various types of seaweed for different purposes, such as food, cosmetics, biofuel and fertilizer.

We are facilitating a global network of customers and partners who value the quality and diversity of seaweed products.

WHAT WE DO

Storage & Warehousing

We provide storage and warehousing solutions for agricultural products and other goods. We have a network of facilities across the country, equipped with modern technology and security systems.

We offer flexible and affordable plans for our clients, whether they need short-term or long-term storage.

Clearing & Forwarding

We help our clients to transport their products from the farm to the market, or from the port to the warehouse, with efficiency & reliability. We handle all the customs procedures documentation and logistics involved in the process.

We have a network of partners and agents across the country and abroad, who ensure timely delivery and quality control.

WHAT WE DO

Poultry Farming

We raise and process high-quality chickens and eggs. Our operations span several regions across the country, with a network of farms, hatcheries, feed mills, and processing plants.

We aim to provide consumers with nutritious and affordable poultry products, while ensuring animal welfare, environmental sustainability, and social responsibility.

Business Consultancy

We provide expert advice and solutions to help clients across the agricultural value chain grow sustainably, improve efficiency, and innovate for the future. We also help clients navigate disruptive trends and technologies.

If you need to identify investment opportunities or transform your organization, we can help you achieve your goals and create lasting impact.

Let us Serve you

Jaribu Investments is a company that aims to create a positive impact on the world through sustainable and profitable agriculture.

We hope that this profile has given you a clear overview of our company's vision, mission, values, products and services.

We are always looking for new opportunities to grow and innovate in our industry. We welcome partners, customers, clients and investors who share our passion and commitment to excellence.

If you are interested in working with us, **please feel free to contact us anytime.** We look forward to hearing from you and building a successful relationship together.
